Ubiquitous Technologies for Emotion Recognition

Guest Editors:

Prof. Dr. Oresti Banos
Research Center for Information and Communication Technologies, University of Granada, 18014 Granada, Spain

Prof. Dr. Luis A. Castro
Sonora Institute of Technology (ITSON), 85000 Ciudad Obregon, Mexico

Prof. Dr. Claudia Villalonga
Universidad Internacional de La Rioja, Logroño, Spain

Deadline for manuscript submissions:
closed (15 July 2020)

Message from the Guest Editors

Original, high-quality contributions from both academia and industry are sought. Manuscripts submitted for review should not have been published elsewhere or be under review by other journals or peer-reviewed conferences.

Topics of interest include, but are not limited to:

- Wearable, mobile, and ubiquitous emotion recognition systems
- Algorithms and features for the recognition of emotional states from face, speech, body gestures, and physiological measures
- Methods for multi-modal recognition of individual and group emotion
- Benchmarking, datasets, and simulation tools that have been applied to study and/or support emotion recognition
- Applications of emotion recognition including education, health care, entertainment, vehicle operation, social agents, and ambient intelligence

Special Issue

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
