Deadline for manuscript submissions:

closed (30 October 2022)

### **Message from the Guest Editors**

Dear Colleagues,

Given the significant amount of work involved globally and the unique feature of the Computational Fluid Dynamics and its applications, this special issue on "Computational Fluid Dynamics in Aerospace Engineering" aims to provide a platform that allows active researchers to present the state-of-the-art and state-of-the-practice research and developments in technological innovation, development, and applications. It is my great pleasure to invite you to submit a manuscript for this Special Issue.

Dr. Feng Qu Prof. Dr. Junqiang Bai *Guest Editors*

## **Message from the Editor-in-Chief**

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network

#### **Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
