

Hybrid Filler Systems in Elastomer-Based Composites

Guest Editors:

Dr. Silvia Agnelli

Department of Mechanical and Industrial Engineering, University of Brescia, Via Branze 38, 25123 Brescia, Italy

Prof. Maurizio Galimberti

Department of Chemistry, Materials and Chemical Engineering G. Natta, Politecnico di Milano, Via Mancinelli 7, 20131 Milano, Italy

Deadline for manuscript submissions:

closed (30 September 2021)

Message from the Guest Editors

Dear Colleagues,

We are pleased to announce the opening of a new Special Issue in the *Applied Sciences* Journal on “Hybrid filler systems in elastomer based composites.”

This Special Issue of *Applied Sciences* is intended for a wide and multidisciplinary audience. It is our pleasure to invite you to submit manuscripts to this Special Issue covering the latest research in the area. Frontier-of-science contributions in synthesis, preparation, characterization, structure–property relationships, modelling, applications and uses of elastomer composites reinforced with hybrid filler systems are welcomed.

We are convinced that this Special Issue can provide the community with new ideas and perspectives, supporting the wider and wiser use of hybrid fillers for modern engineering applications.

For further reading, please visit the [*Special Issue website*](#).

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
