Deadline for manuscript submissions:
closed (20 April 2023)

Message from the Guest Editors

Dear Colleagues,

We are inviting submissions to a Special Issue on Advances in Music Informatics. Both theoretical and experimental works are welcome.

Contributions can focus on problems in symbolic music processing, the implementation and application of new music technologies for education, automatic music information processing, technologies for musical heritage, and other fields of interest in music informatics.

Keywords:

- computer-aided composition
- musical analysis
- multilevel music representation
- algorithms and systems for music composition
- music in education
- computational musicology
- educational music tools
- music information retrieval
- music for games
- technologies for musical heritage

Prof. Dr. Goffredo Haus
Prof. Dr. Adriano Baratè
Guest Editors

Special Issue

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
