

## Advances in Room Acoustics of Non-performing Public Spaces

Guest Editors:

**Prof. Dr. Kimihiro Sakagami**

Environmental Acoustics  
Laboratory, Department of  
Architecture, Kobe University,  
Kobe 657-8501, Japan

**Prof. Toshiki Hanyu**

Nihon University, Chiba, Japan

Deadline for manuscript  
submissions:

**closed (31 March 2021)**

### Message from the Guest Editors

Dear Colleagues,

Papers related (but not limited) to advances, development, analysis and/or optimization and design of room acoustic environment are encouraged to submit to this Special Issue. Below is the list of examples of topics in this Special Issue. Papers submitted to this Special Issue will be selected via a rigorous peer-review procedure.

- Theoretical and experimental studies on room acoustic properties of non-performance public spaces
- Room acoustic design of non-performance public spaces
- Surveys of acoustic environment of non-performance public spaces
- Indoor soundscape studies on non-performance public spaces
- Proposals for acoustic environment of non-performance public spaces

Prof. Kimihiro Sakagami

Prof. Toshiki Hanyu

da Vinci 32, 20133 Milano, Italy

## Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
