### **Message from the Guest Editor**

Dear Colleagues,

The overall aim of this Special Issue of *Applied Sciences* is to present recent developments in Science and Technology in the Biomass, Bioenergy, and Biofuel fields. We invite authors to submit manuscripts on subjects related to any scientific and technological topics in biomass, bioenergy, and biofuel fields.

## Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
