Message from the Guest Editors

In this Special Issue, we are inviting submissions of original research, case reports, and reviews that address or provide novel insights in sport and exercise medicine and bridge the gap between theory and practice. We invite researchers from multiple disciplines including physical therapists, exercise physiologists, physicians, athletic trainers, coaches, and sport sciences to submit articles that will advance our understanding in any of the many aspects of sports and exercise medicine.

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
