

Advances in Neutron Imaging

Guest Editor:

Prof. Dr. Wolfgang Treimer

Department Mathematics,
Physics & Chemistry, University of
Applied Sciences Berlin,
Luxemburger Str 10, 13353 Berlin,
Germany

Deadline for manuscript
submissions:

closed (31 May 2021)

Message from the Guest Editor

This special issue on “Advances in Neutron Imaging” of *Applied Sciences* shall publish a wide range of scientific research activities for a broad audience. It presents new and important findings using neutron imaging, reflecting many important areas of research activities in different scientific fields. Welcome are review articles, results of interdisciplinary research, as well as the latest research results from various disciplines, carried out with neutron imaging, which appeal to a broad audience.

Topics of interest include (but are not limited to):

- neutron imaging in physics research
- material sciences
- non-destructive investigations
- interdisciplinary sciences
- neutron imaging of quantum phenomena

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo

Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
