

## Special Issue

# Celebrating *Applied Sciences* 20,000 Articles Milestone: Invited Papers in Chemistry Section

### Message from the Guest Editor

*Applied Sciences* has reached another remarkable milestone this year by publishing 20,000 articles in the journal, and to celebrate this special achievement, we have launched a Special Issue devoted to Chemistry entitled “Celebrating Applied Sciences 20,000 Articles Milestone: Invited Papers in Chemistry Section”. This Special Issue will consist of comprehensive reviews and original research articles featuring important and recent developments or advancements in all areas of chemistry. The submitted papers can cover either experimental or theoretical aspects (or both) of all branches of chemistry and its sub-disciplines. These also include research on the diverse applications of chemistry in solving various societal problems and issues. More details about subject areas can be found at:

[https://www.mdpi.com/journal/applsci/sections/applied\\_chemistry](https://www.mdpi.com/journal/applsci/sections/applied_chemistry) We invite you to join us in this remarkable celebration by contributing a comprehensive review article or an original research paper for peer-review and possible publication in this Special Issue to commemorate the publication this year of 20,000 articles in *Applied Sciences*.

## About the Journal

### Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
