

Special Issue

Recent Development and Challenges of Soft Sensors Design

Message from the Guest Editors

This Special Issue will focus on the recent development and challenges of soft sensors design both from a theoretical perspective and industrial applications. **Keywords** • Feature extraction • Outliers detection • Data selection • Big and small datasets • System identification • Linear and nonlinear models • Deep learning techniques • Optimization strategies • Recurrent neural networks • Reservoir computing • Bio-inspired learning techniques • Model validation • Soft sensor maintenance • Transfer learning • Model interpretability • Sparse modeling • Soft Sensors for time varying systems • Industrial applications of Soft Sensors

Guest Editors

Prof. Dr. Maria Gabriella Xibilia

Department of Engineering, University of Messina, Contrada Di Dio, Vill. S. Agata, 98166 Messina, Italy

Prof. Dr. Luca Patanè

Department of Engineering, University of Messina, Contrada di Dio, S. Agata, 98166 Messina, Italy

Deadline for manuscript submissions

closed (15 April 2022)

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
