Message from the Guest Editors

Dear Colleagues,

This Special Issue should provide an overview of research dealing with practical problem solving using fuzzy MCDM. In addition, it should be a platform for gathering the knowledge of theorists and practitioners in fuzzy logic and multi-criteria decision making, which would improve both areas. Topics include, but are not limited to, the following:

- Application of classical fuzzy number in MCDM;
- Application of interval fuzzy number in MCDM;
- Application of Z-number in MCDM;
- Application of intuitionistic fuzzy numbers in MCDM;
- Application of hesitant fuzzy numbers in MCDM;
- Application of q-rung orthopair fuzzy numbers in MCDM;
- Application Pythagorean fuzzy numbers in MCDM;
- Application of spherical fuzzy numbers in MCDM;
- *Application of different fuzzy aggregation operators in MCDM;*
- Neuro-fuzzy models for MCDM;
- Fuzzy system for MCDM;
- *Combination fuzzy numbers in MCDM;*
- *Other new fuzzy numbers in MCDM.*

Navarra, 31006 Pamplona, Spain

Message from the Editor-in-Chief

Axioms is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High visibility: indexed within **SCIE (Web of Science)**, **dblp**, and **other databases**.

Journal Rank: JCR - Q1 (Mathematics, Applied)

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2024).
