New Trends in Differential and Difference Equations and Applications

Guest Editors:

Prof. Dr. Feliz Manuel Minhós
Departamento de Matemática, Escola de Ciências e Tecnologia, Centro de Investigação em Matemática e Aplicações (CIMA), Instituto de Investigação e Formação Avançada, Universidade de Évora, Rua Romão Ramalho, 59, 7000-671 Évora, Portugal

Dr. João Fialho
Department of Mathematics, British University of Vietnam, Ecopark Campus, 160000 Hung Yen, Hanoi, Vietnam

Deadline for manuscript submissions:
closed (31 January 2019)

Message from the Guest Editors

This Special Issue will accept high-quality articles containing original research results and survey articles of exceptional merit on new developments in the following topics:

Ordinary and Partial Differential Equations

Difference equations

Integral and integrodifferential equations

Boundary value problems

Fractional Calculus and Applications

Calculus on Time Scales and Applications

Existence, uniqueness and multiplicity results by variational and/or topological methods

Qualitative, asymptotic and oscillation properties.

Fixed point theory

Applications to real world phenomena.
