

## Nonautonomous and Random Dynamical Systems

Guest Editor:

**Dr. Davor Dragicevic**

Department of Mathematics,  
University of Rijeka, Radmile  
Matejčić 2, 51000 Rijeka, Croatia

Deadline for manuscript  
submissions:

**closed (31 October 2022)**

### Message from the Guest Editor

The aim of this Special Issue is to stimulate the study of nonautonomous and random dynamical systems as well as to explore new directions.

All research papers concerned with the qualitative and asymptotic behavior of nonautonomous or random dynamical systems are welcome, with particular emphasis on those dealing with various concepts of stability or hyperbolicity. In addition, we particularly welcome research papers dealing with the quantitative properties of random dynamical systems such as various limit laws.

Finally, we also plan to publish carefully selected survey papers describing recent major advancements in the previously mentioned research areas.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Humberto Bustince

Department of Statistics,  
Computer Science and  
Mathematics, Public University of  
Navarra, 31006 Pamplona, Spain

## Message from the Editor-in-Chief

*Axioms* is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed within [SCIE \(Web of Science\)](#), [dblp](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Mathematics, Applied)

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2024).
