### Message from the Guest Editors

This special issue aims to explore the multifaceted dimensions of Positive Work and Organizational Psychology, inviting empirical research, theoretical work, systematic reviews, and meta-analyses that advance our understanding of how positive psychological practices can be effectively integrated into workplace settings.

Submissions are invited concerning, but not limited to, the following topics:

- **Work/occupational well-being**
- **Factors affecting employee health, well-being, and job satisfaction**
- **Positive organizational behaviors**
- **Positive work and organizational psychology interventions**
- **Engagement and performance**
- **Strengths-based approaches**
- **Positive change management**
- **Work-life balance**
- **Positive leadership**
- **Organizational culture and climate**

Through this call, we aim to compile a diverse collection of research that collectively enriches our understanding of Positive Work and Organizational Psychology, offering actionable insights for practitioners and scholars alike to cultivate more positive, productive, and fulfilling work environments.
