Message from the Guest Editors

Dear Colleagues,

As the Associate Editor-in-Chief of the esteemed journal *BioChem* (ISSN 2673-6411), I am excited to announce the launch of an inaugural Special Issue titled “Feature Papers in *BioChem*”. This Special Issue aims at showcasing exceptional research in the diverse and interconnected fields of molecular biology, cell biology, structural biology, nucleic acid biology, chemical biology, synthetic biology, disease biology, biophysics, metallomics (or inorganic biochemistry), and theoretical biochemistry. As an international and interdisciplinary open-access journal, *BioChem* is dedicated to providing a platform for publishing high-quality reviews, research articles, communications, and letters that contribute to the advancement of scientific knowledge...

Message from the Editor-in-Chief

BioChem is an international and interdisciplinary open access journal encompassing the fields of molecular biology, cell biology, structural biology, nucleic acid biology, chemical biology, synthetic biology, disease biology, biophysics, and theoretical biochemistry. It publishes reviews, research articles, communications, and letters. Our aim is to encourage scientists to publish their experimental and theoretical research in as much detail as possible.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 24.1 days after submission; acceptance to publication is undertaken in 5.1 days (median values for papers published in this journal in the first half of 2024).

Recognition of Reviewers: APC discount vouchers, optional signed peer review, and reviewer names published annually in the journal.
