Message from the Guest Editors

Dear Colleagues,

Bioengineering is pleased to announce a Special Issue focused on dental implant surgery. Dental implant surgery is a rapidly growing field with new insights and technologies emerging every year. This Special Issue aims to provide a platform for researchers to share their latest findings and developments in the field of dental implant surgery.

We invite authors to submit original research articles, reviews, and case reports on all aspects of dental implant surgery. Topics of interest for this Special Issue include but are not limited to:

- Novel techniques for dental implant placement;
- Advances in implant materials and design;
- Imaging modalities for implant surgery planning;
- Complications and their management in implant surgery;
- Rehabilitation of complex implant cases;
- Clinical outcomes and long-term follow-up studies.

Submissions will be peer-reviewed and accepted articles will be published online in *Bioengineering*. This is a great opportunity for researchers to showcase their work and contribute to the advancement of dental implant surgery.

We look forward to receiving your submissions and thank you for your interest in this Special Issue.

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (Engineering, Biomedical)
