

## 3D Printing of Functional Biomaterials and Nanocomposites

Guest Editor:

### Dr. Daria Podstawczyk

Department of Process  
Engineering and Technology of  
Polymer and Carbon Materials,  
Faculty of Chemistry, Wrocław  
University of Science and  
Technology, Norwida 4/6, 50-373  
Wrocław, Poland

Deadline for manuscript  
submissions:

**closed (30 September 2021)**

### Message from the Guest Editor

In this Special Issue, we invite you to submit original research papers and comprehensive reviews on 3D printing of functional biomaterials and nanocomposites. Specific topics include but are not limited to:

- Novel 3D printing, bioprinting, and post-printing techniques for fabrication of functional structures, e.g., freeform printing technique;
- 3D printing of functionally graded and anisotropic structures;
- Printable composites of polymers and nanomaterials (nanoparticles, nanofibers, nanowires);
- 4D printing;
- Fabrication of bioinspired 3D structures;
- 3D printing of stimuli-responsive materials;
- Antimicrobial 3D printing inks;
- 3D printing of wound healing dressings and drug delivery systems;
- 3D fabrication of functional scaffolds for tissue engineering.

an Open Access Journal by MDPI

## Editor-in-Chief

## Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Biomedical*)

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.6 days after submission; acceptance to publication is undertaken in 3.1 days (median values for papers published in this journal in the first half of 2024).
