Research Park, Norwich NR4 7TJ,  
UK

Deadline for manuscript  
submissions:

**closed (31 August 2013)**

### Message from the Guest Editor

Dear Colleagues,

Recent developments in sequencing technology revolutionized molecular biology and had a big impact on plant science. Many genome sequencing projects have been completed generating an unprecedented amount of information. This information can shed light on how species evolved but also helps studying all aspects of plant life at a molecular level. As more and more crop species' genome is sequenced, translation of knowledge from model systems to crops become quicker and easier. This special issue will cover original research papers and reviews on the broad topic of plant genomes.

Professor Tamas Dalmay

# Special Issue

an Open Access Journal by MDPI

## Editors-in-Chief

### Prof. Dr. Jukka Finne

Research Programme in  
Molecular and Integrative  
Biosciences, Faculty of Biological  
and Environmental Sciences,  
University of Helsinki, P.O. Box  
56, FI-00014 Helsinki, Finland

### Prof. Dr. Andrés Moya

Integrative Systems Biology  
Institute, University of Valencia  
and CSIC, 46980 Valencia, Spain

## Message from the Editorial Board

A major strength of biological science is the diversity of approaches that biological scientists apply to their research problems. *Biology* reflects this diversity and brings together studies employing the varied experimental and theoretical approaches that are fueling biological discovery. *Biology*, the journal, is a fully peer-reviewed publication with a rapid and economical route to open access publication and is listed on PubMed. All articles are peer-reviewed and the editorial focus is on determining that the work is scientifically sound rather than trying to predict its future impact.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biology) / CiteScore - Q1 (General Agricultural and Biological Sciences)
