Deadline for manuscript
submissions:

closed (30 November 2022)

Message from the Guest Editor

This Special Edition of *Biomedicines*, “Therapeutic Potential for Cannabis and Cannabinoids”, will be dedicated to providing evidence for the medicinal value of cannabis to treat human illness and disease. Topics will include but are not limited to preclinical animal models examining the efficacy of cannabis and cannabinoid derivatives on pain, anxiety, cancer, and other diseases; and cell and molecular models of cannabinoid pharmacokinetics, drug-drug interactions, and disease treatment. These studies will be of great importance not only for progressing the cannabis field, but also for validating the use of cannabis and cannabinoids as therapeutics.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within *Scopus*, *SCIE (Web of Science)*, *PubMed*, *PMC*, *CAPLus / SciFinder*, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q2 (*Medicine (miscellaneous)*)
