

an Open Access Journal by MDPI

Recent Advances in Oral Medicine

Guest Editors:

Dr. Arkadiusz Dziezic

Department of Conservative Dentistry with Endodontics, School of Medicine with the Division of Dentistry in Zabrze, SUM, Medical University of Silesia in Katowice, Pl. Akademicki 17, 41-902 Bytom, Poland

Dr. Robert Kubina

1. Department of Pathology, Medical University of Silesia, Katowice, Poland
2. Silesia LabMed: Centre for Research and Implementation, Katowice, Poland

Deadline for manuscript submissions:

30 November 2024

Message from the Guest Editors

We are delighted to invite you to submit your latest research and insights for consideration to a Special Issue on oral medicine, an interdisciplinary field that focuses on the diagnosis and treatment of oral diseases and conditions that affect the mouth and surrounding structures. This Special Issue aims to provide a platform for the dissemination of high-quality research that advances the understanding and treatment of oral diseases. We welcome submissions from researchers, clinicians, and academics from around the world who are working in areas related to oral medicine, including, but not limited to:

- Oral cancer, benign oral neoplasms, and reactive oral pathologies;
- Salivary gland disorders;
- Orofacial pain;
- Oral mucosa diseases;
- Periodontal diseases;
- Hereditary oro-facial disturbances,

We welcome contributions from a broad range of topics related to oral pathology, oral microbiology, oral oncology, oral immunology, and oro-facial manifestations of systemic diseases. Authors are encouraged to submit original research and reviews that address important questions in oral medicine.

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within *Scopus*, *SCIE (Web of Science)*, *PubMed*, *PMC*, *CAPLus / SciFinder*, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q2 (*Medicine (miscellaneous)*)
