Deadline for manuscript
submissions:

20 December 2024

Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to provide a comprehensive overview of the state of the art of myology. We invite research papers that will consolidate our understanding in this area. The Special Issue will publish full research articles and systematic reviews. Potential topics include, but are not limited to, the following research areas:

- Embryonic myogenesis;
- Adult myogenesis;
- Exercise-induced muscle injury;
- Muscular dystrophies and muscle diseases;
- Sarcopenia;
- Cachexia;
- Rhabdomyosarcoma;
- Muscle biophysics.

Prof. Dr. Guglielmo Sorci

Prof. Dr. Francesca Riuzzi

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
