Message from the Collection Editor

Dear Colleagues,

This Topical Collection, “Feature Papers in Biomacromolecules: Lipids”, will bring together high-quality research articles, review articles, and communications on all aspects of Lipids. It is dedicated to diverse recent advances in lipids research and comprises a selection of exclusive papers from the Editorial Board Members (EBMs) of the Biomacromolecules: Lipids Section as well as invited papers from relevant experts. We also welcome established experts in the field to make contributions to this Topical Collection. Please note that all invited papers will be published online once accepted. We aim to represent our Section as an attractive open access publishing platform for lipids research.

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Biochemistry)
