Deadline for manuscript
submissions:

closed (20 December 2022)

Message from the Guest Editor

The main topic of this Special Issue is the development of (bio)sensors and their applications for food safety and quality, as well as in environmental monitoring. In this regard, this Special Issue aims to collect original articles that present research advances in the design, fabrication, and application of high-performance (bio)sensors implementing new principles, strategies, methods, and technologies. Additionally, reviews reflecting current hotspots, new challenges, and future perspectives of (bio)sensors in the two important application areas are particularly welcome.

Safe food and benign environment are the two basic factors of human living and societal development. (Bio)sensors are considered as efficient tools to ensure food safety and quality, as well as protect the environment. In this regard, interesting principles, strategies, and methods are being proposed to design, develop, and fabricate (bio)sensors.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Biosensors is a leading journal, devoted to fast publication of the latest achievements, technological developments and scientific research in the exciting multidisciplinary area of biosensors. Both experimental and theoretical papers are published, including all aspects of biosensor design, technology, proof of concept and application. Special issues are devoted to specific technologies and applications, and a selection of the most outstanding papers each year is recognized. Pushing the boundaries of the discipline, we invite original papers, as well as timely reviews on cutting edge fields within the subject area.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q1 (Chemistry, Analytical) / CiteScore - Q1 (Engineering (miscellaneous))
