Deadline for manuscript submissions:
closed (31 October 2023)

Message from the Guest Editor

Dear Colleagues,

Alcohol Dependence is a Special Issue of **Brain Sciences (ISSN 2076-3425)** devoted to publishing original research, reviews, commentaries, and policy analyses in the area of **alcohol dependence**. The Special Issue presents new treatment methods for alcohol addicts. Alcoholism is one the most pervasive international problems, severely affecting the physical and mental health of addicted individuals, as well as their families, especially the vulnerable children who are at the risk of developing physical and mental health problems. In contrast to the magnitude of the problem, research and practice in the field to address these issues requires further research.

Scope and Keywords: The scope of the journal includes, but is not limited to, alcohol abuse, alcohol anxiety, alcohol dependence, alcohol and drugs, alcohol health risks, alcohol and pregnancy, alcoholism and depression, alcoholism and genetics, alcoholism disease, alcoholism statistics, alcoholism treatment, chronic alcohol abuse, chronic alcoholism, the effects of alcoholism, the negative effects of alcohol, signs of alcoholism, and substance abuse.

an Open Access Journal by MDPI

Pittsburgh, PA 15260, USA

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Brain Sciences* (ISSN 2076-3425). *Brain Sciences* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on neuroscience. The scientific community and the general public can access the content free of charge as soon as it is published.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PSYINDEX, CAPlus / SciFinder, and other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 12.9 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
