Message from the Guest Editors

We are pleased to invite you to this Special Issue, entitled “Surgical Treatment of Abdominal Tumors”, of *Cancers*. This Special Issue aims to highlight recent advancements in the surgical management of abdominal tumors while also addressing all current application issues and future research directions.

In this Special Issue, original research studies and review articles are welcome. Research topics may include, but are not limited to, the following:

- Surgery for intra-abdominal and abdominal wall malignancies;
- Improving oncological efficacy;
- Enhanced recovery after an abdominal tumor resection;
- Adjunctive surgical techniques;
- The role of minimally invasive approaches.

We look forward to receiving your contributions.
