Deadline for manuscript  
submissions:

**closed (1 July 2022)**

### Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a Special Issue titled: *Deep Neural Networks for Cancer Screening and Classification*. Special consideration will be given to articles with the following features:

1. Quantitative endpoints (e.g., NGS).
2. Clinical validation of machine-learning tools.
3. Multimodal modelling (e.g., combining two or more disparate data types).
4. Applications in low-resource environments.
5. Emerging model architectures (e.g., self-supervised, unsupervised, etc.).
6. Multi-institution collaborations.

Dr. Louis J. Vaickus

Dr. Joshua Levy

## Message from the Editor-in-Chief

*Cancers* is an international online journal addressing both clinical and basic science issues related to cancer research. The journal is publishing in Open Access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Oncology) / CiteScore - Q1 (Oncology)
