Innsbruck, Austria

### Dr. Astrid E. Grams

Associate Professor, Department  
of Neuroradiology, Medical  
University of Innsbruck,  
Innsbruck, Austria

Deadline for manuscript  
submissions:

**closed (15 May 2023)**

### Message from the Guest Editors

We are pleased to invite you to contribute to this *Cancers* Special Issue on Novel Therapeutic Strategies for Neuro-Oncology. Within our fast-growing scientific field, we would like to endorse researchers in search of visionary and brave endeavors to submit their work, including specialties of clinical, translational and basic research in neuro-oncology. We welcome manuscripts concerning surgical excellence, promising treatment targets, prognostic and predictive markers, neuroimaging and combinations thereof, including big data research.

With this Special Issue, we aim to promote novel and visionary treatment strategies carried out in clinical pilot projects and basic and translational research. We endorse all specialists involved in neuro-oncology to submit manuscripts. Surgical technique and visualization, imaging (both MR and PET) as well as radiotherapy and medical treatment will be featured in this Special Issue, welcoming original research articles and reviews.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Samuel C. Mok

Department of Gynecologic  
Oncology and Reproductive  
Medicine, The University of Texas  
MD Anderson Cancer Center,  
Houston, TX 77030, USA

## Message from the Editor-in-Chief

*Cancers* (ISSN 2072-6694) is an international, online journal addressing both clinical and basic science issues related to cancer research. The journal will continue its open access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (Oncology) / CiteScore - Q1 (Oncology)
