

## Special Issue

# Management of Hepatocellular Carcinoma in Liver Disease

### Message from the Guest Editors

An upcoming special edition of *Cancers* aims to address the questions associated with diagnosis and management of HCC in patients with liver disease from a broad perspective. We kindly invite and motivate all to submit their work related to this topic.

---

## About the Journal

### Message from the Editor-in-Chief

*Cancers* (ISSN 2072-6694) is an international, online journal addressing both clinical and basic science issues related to cancer research. The journal will continue its open access format, which will certainly evolve to ensure that the journal takes full advantage of the rapidly changing world of information and knowledge dissemination. It publishes high-quality clinical, translational, and basic science research on cancer prevention, initiation, progression, and treatment, as well as other related topics, particularly to capture the most seminal studies in the rapidly growing area of immunology, immunotherapy, and tumor microenvironment.
