Sciences, University of Padova,  
Via Ugo Bassi 58/B, I-35131  
Padova, Italy

### Message from the Collection Editor

Dear Colleagues,

This Topical Collection, "Feature Papers in Mitochondria", aims to publish high-quality research articles, review articles and communications from all fields that study the topic of mitochondria, with a focus on cell biological research. The aim of this Topical Collection is to illustrate, through selected works, the state-of-the-art research related to various aspects of mitochondria in diseases. We especially encourage the Editorial Board Members of *Cells* to contribute papers reflecting the latest progress in their research field. In addition, further experts in relevant research fields are welcome to submit their work to this Topical Collection.

Prof. Dr. Paolo Bernardi

## Editors-in-Chief

### **Dr. Alexander E. Kalyuzhny**

Dental Basic Sciences, University of Minnesota, 308 Harvard St. SE, Minneapolis, MN 55455, USA

### **Prof. Dr. Cord Brakebusch**

Biotech Research & Innovation Centre, The University of Copenhagen, Copenhagen, Denmark

## Message from the Editorial Board

*Cells* has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [CAPus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Cell Biology) / CiteScore - Q1 (General Biochemistry, Genetics and Molecular Biology)
