Deadline for manuscript submissions:

**closed (30 April 2024)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Cells* aims to gather high-quality original research and review articles with a focus on any facet of pre-implantation embryo development in vitro and in vivo, with a particular interest in the following:

- Fertilization;
- IVF and embryo transfer;
- Single and group embryo culture;
- Dynamic embryo culture;
- Milli and/or microfluidics;
- ART outcomes;
- Blastocyst;
- Maternal reproductive tract;
- Oviduct;
- Uterus;
- Exosomes;
- Metabolomics;
- Embryo morphokinetics;
- Embryo selection;
- Aneuploidy;
- Pregnancy;
- Epigenetics;
- Omics;
- Oxidative stress;
- DNA damage and repair;
- Use of novel/new antioxidants in reproductive biology;
- Health of the pregnancy.

## Editors-in-Chief

### **Prof. Dr. Alexander E. Kalyuzhny**

Neuroscience, UMN Twin Cities,  
6-145 Jackson Hall, 321 Church St  
SE, Minneapolis, MN 55455, USA

### **Prof. Dr. Cord Brakebusch**

Biotech Research & Innovation  
Centre, The University of  
Copenhagen, Copenhagen,  
Denmark

## Message from the Editorial Board

*Cells* has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Cell Biology*) / CiteScore - Q1 (General Biochemistry, Genetics and Molecular Biology)
