University of Western Brittany,  
29238 Brest, France

Deadline for manuscript  
submissions:

**closed (30 September 2021)**

### **Message from the Guest Editor**

Dear Colleagues,

Pain and itch are very unpleasant sensations for patients. Fortunately, ongoing research provides new data to enhance our knowledge and address these issues as new results are followed by emerging treatments. Sensory neurons are the main cells involved in pain and itch. They can be studied using a large variety of approaches. This Special Issue will summarize the current knowledge on itch, pain, and sensory neurons through the publication of new original data in addition to presenting possible therapeutic perspectives.

Prof. Laurent Misery

## Editors-in-Chief

**Prof. Dr. Alexander E. Kalyuzhny**

Neuroscience, UMN Twin Cities,  
6-145 Jackson Hall, 321 Church St  
SE, Minneapolis, MN 55455, USA

**Prof. Dr. Cord Brakebusch**

Biotech Research & Innovation  
Centre, The University of  
Copenhagen, Copenhagen,  
Denmark

## Message from the Editorial Board

*Cells* has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Cell Biology) / CiteScore - Q1 (General Biochemistry, Genetics and Molecular Biology)
