### Message from the Guest Editor

Dear Colleagues,

We plan to publish a Special Issue on "feature papers" in order to give a broad overview of our area. We are looking for top quality papers which will be published free of charge in Open Access form. Authors will be the editorial board members and researchers invited by the editorial office and the Editor-in-Chief. Papers could be both extensive research papers and papers describing the current state of the art in one of the areas covered by the journal.
