Hill, NC 25714, USA

Deadline for manuscript
submissions:

20 January 2025

Message from the Guest Editor

Dear Colleagues,

It is my great pleasure to invite you to contribute to this Special Issue of Children on “Coma and Disorders of Consciousness in Neonates and Children”.

In pediatrics, coma and other disorders of consciousness occur due to a broad range of etiologies with timing from acute to chronic. From the most common causes such as hypoxic-ischemic, traumatic, hemorrhagic, genetic, and metabolic, the suppression of consciousness in children negatively impacts their health, growth, quality of life, family health, socioeconomics, and societal resources over their lifetimes.

This Special Issue of Children, “Coma and Disorders of Consciousness in Children”, aims to include research that will advance current knowledge in the field of pediatric and neonatal disorders of consciousness. The papers need to explore diagnostic challenges, present new techniques, or validate existing tools that assess pediatric and neonatal suppression of consciousness and provide new insights into how therapeutic interventions may improve recovery, health, growth, and quality of life in those affected.

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), and [other databases](#).

Journal Rank: JCR - Q2 (Pediatrics) / CiteScore - Q2 (Pediatrics, Perinatology and Child Health)
