## CAR T-cell Therapy or Stem Cell Transplant: New Research on Pediatric Hematological Malignancies

Guest Editor:

**Dr. Anca Colita**

Fundeni Clinical Institute, Carol Davila University of Medicine and Pharmacy, Bucharest, Romania

Deadline for manuscript submissions:  
**closed (31 July 2023)**

### Message from the Guest Editor

Dear Colleagues,

We are excited to announce a Special Issue of the journal focused on CART therapy in pediatric practice. We invite you to submit original research, reviews, and case reports on the use of CART in the treatment of relapsed or refractory COVID-19-positive leukemias and lymphomas.

CART therapy has revolutionized immunotherapy in the last decade, with a higher impact in pediatric practice, B precursor ALL being the most frequent malignant disease in this population. CART therapy has shown promising results in improving the outcome of patients with relapsed/refractory B ALL. With the advancement of technology and the introduction of new CART products, there is an increasing interest in the use of CART therapy in pediatric hematology.

We welcome contributors that highlight innovative approaches, challenges and outcomes related to the use of CART in pediatric practice. Your submission could significantly contribute to the understanding and advancement of this field.

We look forward to your contributions,

Dr. Anca Colita

## Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Pediatrics) / CiteScore - Q2 (Pediatrics, Perinatology and Child Health)
