Message from the Guest Editors

Dear Colleagues,

This Special Issue will explore the multifaceted applications of telehealth and home-centered approaches in pediatric care, from technological advancements to policy implications and clinical outcomes. We seek to gather comprehensive research that assesses the effectiveness, challenges, and potential of telehealth and home-centered approaches for children and adolescents. We invite contributions presenting innovative research, case studies, systematic reviews and meta-analyses, including, but not limited to, the following:

- Technological innovations in telehealth for children and adolescents;
- Impact of telehealth and home-centered approaches on healthcare accessibility and equity;
- Clinical outcomes and patient satisfaction in pediatric telehealth;
- Policy and regulatory challenges in the implementation of telehealth;
- Telehealth applications in mental health services for children and adolescents.

Deadline for manuscript
submissions:

15 January 2025

We welcome submissions from researchers around the globe on this timely and impactful topic.
