of Verona, Verona, Italy

**Dr. Agata Chobot**

Department of Pediatrics,  
Institute of Medical Sciences,  
University of Opole, Opole,  
Poland

Deadline for manuscript  
submissions:

**15 January 2025**

### Message from the Guest Editors

Dear Colleagues,

We are delighted to invite all researchers, clinicians, and experts in the field of pediatric diabetes to contribute to our upcoming Special Issue, titled "Glycemic Control in Children and Adolescents with Type 1 Diabetes." This Special Issue aims to provide a comprehensive platform for the exchange of knowledge and insights in this critical area of healthcare.

Type 1 diabetes presents unique challenges in pediatric populations, and effective glycemic control is paramount for the health and wellbeing of young people. We invite original research, clinical studies, reviews, and perspectives that address several aspects of glucose control among children and adolescents with type 1 diabetes, including innovative treatments, technological advancements, data on acute and chronic complications, psychosocial support, and patient education.

## Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Pediatrics) / CiteScore - Q2 (Pediatrics, Perinatology and Child Health)
