Message from the Guest Editor

Dear Colleagues,

I am pleased to announce a Special Issue in the journal *Children* covering topics in pediatric orthopedic research and quality improvement initiatives. Here, we hope to highlight the field of pediatric orthopaedics and including topics such as treatment of foot deformity, hip dysplasia, scoliosis, pediatric orthopaedic trauma, and more. Quality improvement projects and initiatives are also encouraged! While pediatric orthopaedics is often considered a small subspecialty, the problems that are addressed affect millions of kids worldwide. Pediatric orthopaedic research improves the understanding of these problems and improves the care of all children. Therefore, we want to highlight this research and quality improvement projects with this Special Issue.

Dr. Susan T. Mahan

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), and [other databases](#).

Journal Rank: JCR - Q2 (Pediatrics) / CiteScore - Q2 (Pediatrics, Perinatology and Child Health)
