Message from the Collection Editor

It is an honor to serve as the guest editor for this Special Issue of *Children* entitled, “Advance in Pediatric Dentistry”. Pediatric dentistry as an art and science is continually evolving, and with the new developments and advancements in both the theory and practice of pediatric dentistry, achieving the goal of providing quality dental care is made attainable for all patients from birth to 18 years of age.

I am inviting you all to consider submitting your manuscripts to this Special Issue to showcase your research, clinical work, and practice-related findings to a global audience. Manuscripts adopting the following methodology are welcome: Quantitative, qualitative, and mixed methods; Review articles: Narrative and systematic with and without a meta-analysis; Case reports examining a single or multiple individuals or events occurring in real-life settings; Short communications presenting new ideas, concepts or early interesting research results; Clinical practice papers sharing experience from the clinic.
