Obesity and Metabolic Dysregulation in Childhood

Guest Editor:

Dr. Rachana Shah

Division of Endocrinology and Diabetes, Children's Hospital of Philadelphia, Philadelphia, PA 19104, USA

Deadline for manuscript submissions:

closed (15 December 2018)

Message from the Guest Editor

Dear Colleagues,

This Special Issue, "Obesity and Metabolic Dysregulation in Childhood", is dedicated to describing existing gaps, as well as the achievements made in clinical care, education, training, and research. Both reviews and original research will be considered for publication. Examples include, but are not limited to, manuscripts discussing pathogenesis, diagnosis, and treatment of obesity, insulin resistance, lipid disorders, fatty liver disease, and polycystic ovarian syndrome in children and adolescents. This Special Issue will provide a review of the field of pediatric obesity medicine and provide resources for further education and training programs for medical professionals.

Prof. Dr. Paul R. Carney

Departments of Child Health and Neurology, University of Missouri, 400 Keene Street, Columbia, MI 65201, USA

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank: JCR - Q2 (Pediatrics) / CiteScore - Q2 (Pediatrics, Perinatology and Child Health)
