

## Special Issue

# Molecular Mechanism and Advances in Gynecological Pathology: From Bench to Bedside

### Message from the Guest Editor

Gynecological pathologies, which include both malignant and benign conditions, represent a significant burden on women's health globally. This Special Issue, "Molecular Mechanism and Advances in Gynecological Pathology: From Bench to Bedside", aims to showcase cutting-edge research that explores the molecular basis of gynecological diseases. We invite original research articles, reviews, and clinical studies that focus on:

- The identification of novel biomarkers for early diagnosis and prognosis.
- Genetic and epigenetic alterations driving disease progression.
- The role of the tumor microenvironment and immune response in gynecological pathologies.
- Development of targeted therapies and personalized treatment strategies.
- Molecular insights into drug resistance and therapeutic challenges.

By bringing together different perspectives, this Special Issue will contribute to a deeper understanding of gynecological diseases and pave the way for innovative diagnostic and therapeutic approaches.

---

### Guest Editor

Dr. Ahsanullah Unar

Department of Precision Medicine, University of Campania 'L. Vanvitelli', 80138 Naples, Italy

## About the Journal

### Message from the Editor-in-Chief

---

#### Editor-in-Chief

Prof. Dr. Madhav Bhatia

Department of Pathology and Molecular Medicine, University of Otago,  
Christchurch 8140, New Zealand

---

#### Author Benefits

##### High Visibility:

indexed within Scopus, SCIE (Web of Science), PMC, PubMed, Embase, CAPlus / SciFinder, FSTA, AGRIS, and other databases.

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.3 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).

##### Recognition of Reviewers:

APC discount vouchers, optional signed peer review, and reviewer names are published annually in the journal.
