

Multicomponent Superconductivity and Superfluidity

Guest Editors:

Prof. Dr. Andrea Perali

Prof. Dr. Roberta Citro

Prof. Dr. David Neilson

Prof. Dr. Milorad Milosevic

Deadline for manuscript
submissions:

closed (30 November 2023)

Message from the Guest Editors

This Special Issue is dedicated to the proceedings of the conference Multicomponent Superconductivity and Superfluidity 2023, which will be held in San Benedetto del Tronto (Italy) and online on 8–10 September 2023 (<http://www.multisuper.org/multisuper-2023>). This international conference will provide an excellent forum for the presentation and discussion of recent developments in diverse fields of superconductivity and superfluidity. You are invited to submit a full manuscript for consideration and possible publication in this Special Issue.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Welcome to *Condensed Matter* (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Currently the journal is indexed by ESCI (Web of Science) and hope you can consider *Condensed Matter* as an exceptional home for your manuscript.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 4.8 days (median values for papers published in this journal in the first half of 2024).
