submissions:

closed (30 November 2023)

Message from the Guest Editors

Dear Colleagues,

This Special Issue will publish selected papers from the Superstripes 2023 meeting due to take place June 26–July 1, 2023 in Ischia, Italy.

The Superstripes 2023 meeting continues the successful series of international meetings. The first Stripes Conference was held in Rome in 1996 following an increased interest in the scientific international community's emergence of new phenomena related to complexity in quantum matter. The aim of the 2023 Superstripes conference is to foster top-level scientific cultural advances, uniting selected world leaders in the field of new advances in quantum complex matter science. You are invited to contribute an article/review paper for possible publication in our Special Issue. Submissions will be rapidly reviewed and published shortly, if accepted.

Message from the Editor-in-Chief

Welcome to *Condensed Matter* (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Currently the journal is indexed by ESCI (Web of Science) and hope you can consider *Condensed Matter* as an exceptional home for your manuscript.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), Inspec, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q2 (*Condensed Matter Physics*)
