Message from the Guest Editors

Dear Colleagues,

We would like to offer a valuable and potential topic related to corporate finance and big data analytics. We think that the topic in itself is very wide and can be understood in connection with company valuation, various aspects of corporate finance (working capital management, long-term asset management, capital structure optimization, cost management, liquidity management, financial analysis, financial planning, securities valuation, etc.). It is our belief that there are many fields that can be included in scientific and expert discussion. We hope that the topic of “Big Data Analytics in Bankruptcy Prediction” in the *Data* journal is the right platform to meet other researchers and experts interested in your topic.

We look forward to your contributions.

Dr. Zdeněk Caha

Message from the Editor-in-Chief

Data is an open access journal that publishes scientific data in a reliable, citable, and accountable manner. Data grants the opportunity to formally share valuable data, for academic credit. It covers a wide range of disciplines in which data is generated so that published data is discoverable and available for wider re-use. The journal has highly accomplished scientists from a variety of disciplines on the editorial board. The publication emphasizes clarity, honesty, quality, and novelty and has a rigorous peer-review process. We strongly encourage you to share your data vision in Data.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, RePEc, and other databases.

Journal Rank: JCR - Q2 (*Multidisciplinary Sciences*) / CiteScore - Q2 (*Information Systems and Management*)
