Diagnostic, and Pediatric  
Science, Institute of  
Dermatology, Fondazione IRCCS  
Policlinico San Matteo, University  
of Pavia, 27100 Pavia, Italy

Deadline for manuscript  
submissions:

**closed (30 April 2022)**

### Message from the Guest Editor

This collection of scientific papers is dedicated to the memory of Professor Raffaele Gianotti. He was the Head of Dermatopathology Laboratory, Dermatological Clinic, University of Milan, Milan, Italy.

His essential vision of dermatopathology without frills, as the product of an indispensable integration between the clinic and the microscope has guided his work for decades.

We cannot forget his creative enthusiasm, his availability, his feverish ardour for new discoveries, his essential accuracy, his essential, albeit silent and hidden reference to the gigantic shadow of the father, his essential informality.

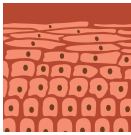

Hello Raffaele, a friend forever.

We will miss you.

2. Department of Clinical  
Pathology, University Hospital of  
Geneva, 1205 Geneva,  
Switzerland

## Message from the Editor-in-Chief

I have the great pleasure of announcing that *Dermatopathology* has received an updated Impact Factor of 1.6 for June 2024, maintaining its position as the highest rated Impact Factor journal among all the existing dermatopathology journals (with an increasing impact on clinico-pathological correlation articles for clinical dermatologists).

This immense success is a result of the excellent work our Editorial Team, who have engaged in the meticulous selection and peer reviewing of high-quality articles covering different aspects of cutaneous pathology. This journal publishes case reports, communications, full articles, research articles and reviews on clinical, molecular, and investigative dermatopathology in several Special Issues per year. The journal's publications are indexed in PubMed. I encourage all the specialists in cutaneous pathology to submit any original research to *Dermatopathology*.

## Author Benefits

**Open Access:**— free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High visibility:** indexed within **ESCI (Web of Science), PubMed, PMC, Embase,** and **other databases.**

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 29.3 days after submission; acceptance to publication is undertaken in 4.2 days (median values for papers published in this journal in the first half of 2024).
