Diagnostic and Interventional Radiology of Liver Diseases

Guest Editors:

Prof. Dr. Niklas Verloh

Prof. Dr. Philipp Wiggermann

Prof. Dr. Michael Haimerl

Deadline for manuscript
submissions:

30 June 2024

Message from the Guest Editors

We are interested in submissions exploring advancements in imaging modalities, like MRI, CT scans, and ultrasound. These technologies are crucial in accurately diagnosing various liver conditions and are pivotal in early detection, significantly impacting patients' treatment plans. A significant portion is devoted to the latest minimally invasive techniques. Contributions detailing procedures, like transarterial chemoembolization (TACE), radiofrequency ablation (RFA), and other innovative interventional methods, are highly encouraged. We also emphasize the role of artificial intelligence and cutting-edge imaging in enhancing the precision and effectiveness of both diagnostic and interventional procedures. Submissions that explore integrating these technologies in clinical practice, offering new perspectives on patient management and treatment strategies, are highly encouraged.

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), [Inspec](#), [CAPus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Medicine, General & Internal*)
