Medicine, POCT.CTR, School of
Medicine, University of California,
Davis, CA 95616, USA

Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editor

Point-of-care testing is medical testing at or near the site of patient care. COVID-19 brought the worldwide acceptance of point-of-care strategies for a major infectious threat. This collection builds on that progress. Generally, point-of-care inventions and innovations for the diagnosis of infectious diseases with the goals of enhanced decision making, standards of care, and public health resilience at points of critical need.
