Message from the Guest Editor

Dear Colleagues,

This Special Issue, dedicated to the diagnosis and management of thoracic disease, offers a comprehensive overview of the latest diagnostic techniques and treatment strategies for thoracic pathologies. The issue covers a wide range of thoracic diseases, including lung cancer, pleural diseases, esophageal disorders, and thoracic trauma. Expert contributors discuss the challenges and advancements in imaging, pathology, and surgical techniques, with the aim of improving patient outcomes and quality of life. This issue serves as a valuable resource for clinicians, researchers, and healthcare professionals who seek to enhance their knowledge and skills in the management of thoracic disease.

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
