# Artificial Intelligence and Machine Learning for Infectious Diseases

Guest Editor:

**Dr. Shaker El-Sappagh**
Information Systems Department, Faculty of Computers and Artificial Intelligence, Benha University, Banha 13518, Egypt

Deadline for manuscript submissions:
**closed (31 December 2023)**

## Message from the Guest Editor

Infectious diseases are caused by microorganisms belonging to the class of bacteria, viruses, fungi, or parasites. Despite the advancements in medicine, infectious diseases are a leading cause of death worldwide, especially in low-income countries. In the healthcare system, there are instances where AI has done marvels in the diagnosis of various health conditions and the interpretation of complex medical disorders. This Special Issue aims to identify potential applications of artificial intelligence and machine learning in the field of infectious diseases.

Special Issue

## Editor-in-Chief

**Prof. Dr. Andreas Kjaer**
Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

## Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.
**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.
**Journal Rank:** JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
