Message from the Guest Editor

In this Special Issue of *Diagnostics*, we intend to highlight cutting edge concepts and techniques, as well as clinical outcomes related to the diagnosis and treatment of various sports-related injuries and disorders. We would like to invite authors to submit their original research articles, meta-analyses, review articles, technical notes, and case reports regarding diagnosis and treatment in sports medicine. This Special Issue will also explore newly developed strategies such as AI technology for the diagnosis and treatment of sports-related injuries.
