Artificial Intelligence and Augmented Reality in Diagnostic Radiology

Guest Editor:

Prof. Dr. Alessandro Bartoloni
Istituto Nazionale di Fisica
Nucleare - INFN, Rome, Italy

Deadline for manuscript submissions:
closed (30 November 2022)

Message from the Guest Editor

This Special Issue aims to summarize the research activities in these two aspects of science and technology in the diagnostic radiology field, as well as in radiotherapy treatment rooms and nuclear medicine clinic protocol implementations.

This Special Issue accepts original research and review papers relating (but not limited) to the following topics:

Artificial Intelligence systems and machine learning applications in diagnostic radiology.
Augmented and virtual reality sensors and devices for use in the clinical radiology operational environment.
Integrated systems for automatic or robotic support in radiology, radiotherapy, and nuclear medicine clinics.

Special Issue

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
